OVERVIEW

Khopra Danda, additionally prevalently known as Khopra Ridge Trek is another option trekking goal in Annapurna district. It is the ideal elective trail of Ghorepani Poonhill Trek with less rough on the way however offers probably the best see. On the off chance that you are searching for something, short climb with the ideal view in the less packed region of Annapurna, Khopra Trek may satisfy your solicitation. The trail pursues from Ghandruk to until Tadapani on a similar course as old-style poon slope trail. From Tadapani the way divides from toward the north of Khopra edge. It goes on for seven days to nine days and still offer the best perspective on the Dhaulagiri range and Mt. Fishtail alongside other Annapurna Himalayan Range. Beginning from Ghandruk rather than Ghorepani one can proceed toward Tadapani, further toward to Dobatae (Often known as Dobato). Dawn over Mount Dhaulagiri can be an ideal spot at Dobatae, and a side outing to the concealed lake before Annapurna South (Khayer Lake 4,660m) is most likely the way least voyaged at this point. The trail can be proceeded toward Ghorepani and Poonhill or part of the bargain Tatopani and drive back to Pokhara. Dobato at the height of 3,420 from ocean level is day camp from Tadapani from where next goal will be Bayeli lastly Khopra Danda from where Tatopani is one camp down before we drive back to Pokhara on the next day.

DAY-BY-DAY ITINERARY

DAY 1 Drive or departure from Kathmandu to Pokhara and medium-term in Pokhara (By Bus, Private Vehicle)

Since we have to begin the trek from Pokhara, first we should plan to touch base in Pokhara. There are two choices, approaches to reach Pokhara, for example, employing land or a flight. If you fly from Kathmandu to Pokhara, it just takes around 20 minutes. On the off chance that we take a transport ride, it takes about 6-7 hour to reach Pokhara. If you are in a brief span, you can even begin the trek around the same time from Kathmandu to travel to Pokhara and drive to the trailhead

DAY 2 Drive from Pokhara to Ghandruk (2012 meters) and trek to Tadapani (2630 meters) (By Bus, Private Vehicle)

Today we will drive to Nayapool, and climb to Ghandruk. Which takes around one full driving hour. There are additionally two alternatives to reach Pokhara, for example employing Local Bus or employing Private Jeep or vehicle according to gathering size. After the outing from Pokhara to Naya Pool, we formally start Khopra Danda Trek, head upper east of the valley and climb up toward Ghandruk. Ghandruk is a wonderful town joined for the most part by Gurung and Poon People and offers an awesome perspective on Mt. Fishtail and Annapurna South with interesting lodging of Gurung individuals and their customary historical center. Ghandruk will not be our goal we will climb up to Tadapani, which is arranged at 2640 meters over the ocean level. It will be a debilitating day to cover from Pokhara to Tadapani.

DAY 3 Trek from Tadapani to Dobato (3350 meters) (By Bus, Private Vehicle)

Meals: breakfast

In the wake of astonishing dawn and breakfast in Tadapani, we will gradually climb up toward Dobato, which is associating purpose of Ghorepani, Chomrong (From Annapurna Base Camp). Its around four to five hour trip from Tadapani to Dobato where we will stop for the medium-term. During the more often than not, the guesthouses of this zone are packed with visitors.

DAY 4 Trek from Dobato to Bayeli (3,420m)

The following day we begin to climb from Dobato to Bayeli, Today the trail offers the radiant perspective on Dhaulagiri and South Annapurna is a huge fascination of Dobato, where harmony and quiet went with the whole territory of Dobato. It takes almost six hours to trek from Dobato to Bayeli.

DAY 5 Trek from Bayeli to Khopra Danda (3,640 meters)

Today we further enter inside thick edge of Khopra employing backwoods loaded with juniper and different trees with tropical woods line. It is completely into the wild with few checks on tree as a sign to distinguish the trail in the event that you are alone, despite the fact that it isn't prescribed to trek without anyone else particularly during off-season periods where there is less mark on the way and canvassed by snow in winter and high shrubs on blustery season time.

DAY 6 Trek from Khopra Danda to Tatopani

Trek from Khopra Danda to Tatopani, 6-7 hours After arriving at the last goal of the trek Khopra Danda, we begin to trek, the last goal will be Tatopani. It is around six-hour strolls from Khopra Danda. During the stroll from the Khopra Danda, we watch the nearby perspective on Dhaulagiri Range that is ideal for watching dawn and dusk over the summit of Dhaulagiri I and its different extents. Therefore, we drop toward Tatopani that lies on closure purpose of Annapurna Circuit and offer extraordinary heated water lakes where one can absorb characteristic high temporary water lakes. It is the ideal spot for recreational and getting crisp, hot shower and flawless nourishments as well, last days of our trekking.

DAY 7 Start to drive from Tatopani to end Pokhara and drive or fly back to Kathmandu

Today is a definitive day of the trekking where our last goal will be either Pokhara or we will come back to Kathmandu. There are two alternatives to take from wilt we can climb along the street or the woodland for the day or take a drive from Tatopani. For the most part, the trail is rough terrain from Tatopani to Beni. So arranged for the rough track. In any case, the street from Beni to Pokhara is in great condition. The agenda is exceptionally alterable as opposed to plummeting toward Tatopani we can trek back toward Ghorepani from Khopra Danda, investigate Poon-hill and drive back to Pokhara.
